Great Moon - February

Mr. Gabe's Grade ¾ Newsletter

February Classroom Highlights

February was a busy and exciting month in our classroom. Students participated in outdoor activities, hands-on science, and special music and storytelling visits. It was great to see students trying new things and learning together.

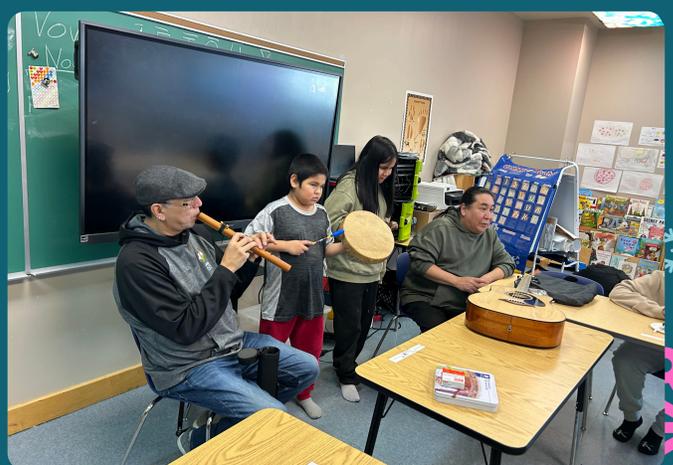

Culture, Language & Music

Students had the opportunity to go snowshoeing with visitors from Matawa. Many tried snowshoes for the first time and enjoyed spending time learning outdoors.

During the visit, Orville and Elmer from Matawa shared music with the class. Elmer played the wooden flute, and students were invited to try the drums and flute themselves.

We also connected with Waukman from Connected North, who led students in storytelling, drumming, and singing.

Science in Action

In science, students built a paper-mâché volcano. We explored the chemical reaction that causes an eruption. Students were excited to see the volcano erupt and learn how the reaction creates gas and pressure, similar to a real volcano.

Looking Ahead

- March Break – March 9 to March 20
- Good Friday – April 3 (No School)
- Easter Monday – April 6 (No School)

Reminders for Families

Thank you for your continued support. Reading and practicing learning skills at home helps students build confidence and continue making progress.
