Dear Parents/Guardians,

Welcome to Henry Coaster Memorial School! Let us introduce ourselves, Mrs. Lauren Moreau and Mr. Shun Michael Villegas, we are your Kindergarten Team this year! We are excited to start the school year and support your child in their learning journey.

Our hope is to create a classroom environment where every child is seen, cared for, and celebrated for who they are. Each child brings their own special gifts and stories, and together we will build a classroom community rooted in kindness, respect, and belonging that engages your child's spirit, heart, mind, and body.

In our classroom, we will focus on building a love for learning through play, exploration, and creativity. Together, we will encourage your child to try new things, build confidence, and celebrate every success, big or small!

♥ Our Kindergarten Team ♥

Mrs. Lauren Moreau

I am from Windsor, Ontario. I hold a General Bachelor's Degree in Psychology and a Diploma in Early Childhood Education. I have four years of experience working with children. I have always had a passion for teaching and getting to know my students. Their curiosity to learn about the world around them brings me joy.

I am honoured and excited to be returning to HCMS for a second school year!

Mr. Shun Michael Villegas

I am from Toronto, Ontario, and hold a diploma in Early Childhood Education. I have more than 10 years of work experience with children and was an educator for children in infants, toddlers, preschool, kindergarten, and grades 2, 4, and 6, where I was in charge of classroom learning. It fills my heart with joy to be part of the children's development and progress in their learning process while they enjoy and have fun in the activities in the indoor and outdoor settings, engaging their mind, body, heart, and spirit.

This year, your child will take part in activities that spark curiosity, strengthen early literacy and numeracy skills, and encourage creativity and problem-solving. Just as importantly, we will work on developing kindness, respect, and friendships, as well as the social and emotional skills that will support their growth in school and beyond.
